

MediNotes Clients to Speak at TEPR Conference

Presentations feature information regarding how the small practice physician can successfully implement an EMR

West Des Moines, IA - (May 14, 2007) – MediNotes Corporation, a leading provider of electronic medical record (EMR) systems, announced today that three of their EMR clients will be speaking at the annual Toward Electronic Patient Records (TEPR) conference in Dallas, TX May 19-23, 2007.

Dr. John Guiliana, a Podiatrist from New Jersey will speak on the topic of change management in today's busy and ever changing medical practice. Dr. William J. Kapla, an Internal Medicine physician from San Francisco will give a presentation entitled "The EMR Conundrum," and talk about the many hurdles that physicians face when considering EMR implementation. Finally, Mr. Ric Smith, Director of Operations at New York Heart in Syracuse, NY will present "EMR...Getting it Right the First Time". Mr. Smith's presentation outlines EMR decision making factors as well as the keys to a successful EMR implementation.

"Dr. Guiliana, Dr. Kapla and Mr. Smith are all long standing MediNotes clients and we are pleased that they were selected to participate at TEPR," stated Donald G. Schoen, president and CEO of MediNotes Corporation. "These gentlemen have all jumped in and really embraced technology in their practices. They have a vast amount of knowledge and experience that I believe will be extremely beneficial to physicians attending the TEPR conference."

The Medical Records Institute's (MRI) mission is to promote and enhance the journey towards electronic medical records, e-health, mobile health, and related applications of information technologies. The annual TEPR conference serves as an international forum for sharing knowledge, experience and solutions for the healthcare community.

Demonstrations of *MediNotes e*, and its ability to connect seamlessly to other health IT products, including lab results, radiology images, medical summaries and other reports can also be viewed at the MediNotes booth (#710) throughout the TEPR conference.
